

“Depend on us”

COVID-19 Update

On behalf of Eastern Security Services, we would like to thank all of our loyal customers for allowing us to protect your home or business. We have taken precautionary measures, with guidance from government and public health authorities, to ensure the well-being of our customers, employees and their families. We have changed policies in our office and on job sites to include social distancing, frequent hand washing, and repeat cleaning of common spaces. In addition, our technicians have been provided masks and gloves to wear on jobsites to protect themselves and our customers.

Our role in connecting our business and residential customers to police, fire and medical emergency services, Eastern Security Services has been identified as an essential services business under “New York on Pause” orders recently issued in the state of New York. We’re proud to receive this designation and will continue to support and protect our customers. To date, there have been no interruptions to our monitoring or service capabilities.

Eastern Security Services will continue to work with our vendors to maintain schedules with as little interruption as possible. Please feel free to contact our office at 315-422-4141 if you have any questions. We will continue to update you on our social media and website platforms with relevant information for our customers.

We wish you and your families good health during this challenging time.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cooper MacDonnell", with a stylized flourish at the end.

Cooper MacDonnell
General Manager
Eastern Security Services
